Abbiamo posizionato un faro dietro la scocca di plastica. Lo abbiamo lasciato come unica fonte luminosa nella stanza per ammirare i suggestivi giochi di luce che prendevano forma sotto i nostri occhi. Abbiamo capito in quell'istante che il nostro progetto LUX era vincente.

We have positioned a lighthouse behind the plastic shell. It was the only light-source in the room to admire the evocative light-games, which took shape under our eyes. In that very moment, we realized that our LUX project was winning.

Colocamos un foco detras de la carcasa, dejandolo como unica iluminacion en la sala para admirar los sugerentes juegos de luz que tomaron forma bajo nuestros ojos. En ese momento nos dimos cuenta que el proyecto LUX era un ganador.

La nostra proposta prevede: due tonalità di grigio e una di bianco, per la struttura del telaio con la possibilità di personalizzarla con eventuali braccioli. Sono ben 6 i colori a disposizione per la scelta dell'esclusiva scocca in plastica.

Our proposal includes: two different shades of grey and one of white for the frame, with the possibility to customize it with armrests. Six different colours available for the choice of this exclusive plastic shell.

Nuestra propuesta para la estructura cuenta con dos tonalidades de gris y una en blanco, con la posibilidad de poderla personalizar con los brazos. Disponibles 6 colores para la exclusiva carcasa.
